

Elvin Zoet

Co-Representative Director, Transom

Elvin Zoet co-leads Transom, advising clients from SME to Fortune 500, Japanese and multinational. He teaches at Keio Business School. He holds a PhD in Critical Management Studies from Utrecht University.

For more than two decades, he has advised organizations on governance and strategy. His work spans M&A, organizational transformation, and asset protection in Japan. He combines academic insight with practical experience across sectors.

At Mitsue, he brings this experience to governance design and financing strategy. He supports stakeholder coordination and long-term resilience for the project.
