

To the Community Development Promotion Division,

Hello,

My name is Rob Oudendijk, and I have been living in Sugano, Mitsue Village, for the past 13 years.

Over the years, I have developed a strong interest in Mitsue's natural environment and the village's efforts to support and strengthen the local community. I have been learning more about the various initiatives taking place in the village.

As part of that, I would like to better understand how the Mitsue Experience Exchange Center (Mitsue Taiken Koryukan) is operated and the role it plays within the community.

If there are any publicly available documents, I would be very grateful if you could share them with me.

In particular, I am interested in:

- Annual Business Reports (for the past several years)
- Financial reports or annual income and expenditure statements
- Visitor or facility usage statistics
- If the facility operates under the Designated Management System, the Designated Management Agreement and any management evaluation reports

Of course, I am only requesting information that is publicly available. If these documents are handled by another department or require a different procedure, I would appreciate it if you could let me know.

Thank you very much for your time and assistance. I look forward to learning more about this important community facility.

Kind regards,

Rob Oudendijk
