Mitsue AI Data Center - Entity, Money & Labor Overview

Discussion draft for the Local Forestry Partner meeting

Working draft · v1.4 · 2026-10-24

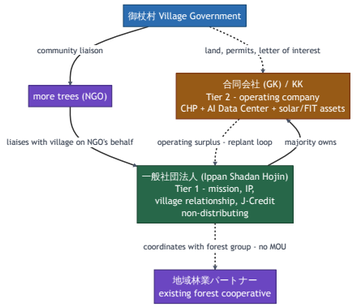

Very early draft - concept only. Nothing here is decided or agreed. Starting point for discussion, not a proposal to sign. **Newly added harvesting contractor / landowner = contacts only; roles are possibilities, not decisions.**

Government · NGO / NPO · Company · Cooperative · Academia

Solid = documented · Dashed = tentative / no signed agreement · Failing / current model

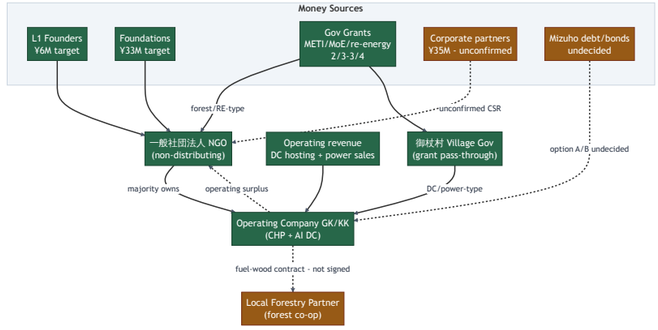

1. Legal / Governance Structure

Tier plan from mitsue_qa_crew_finance_entity_governance.md

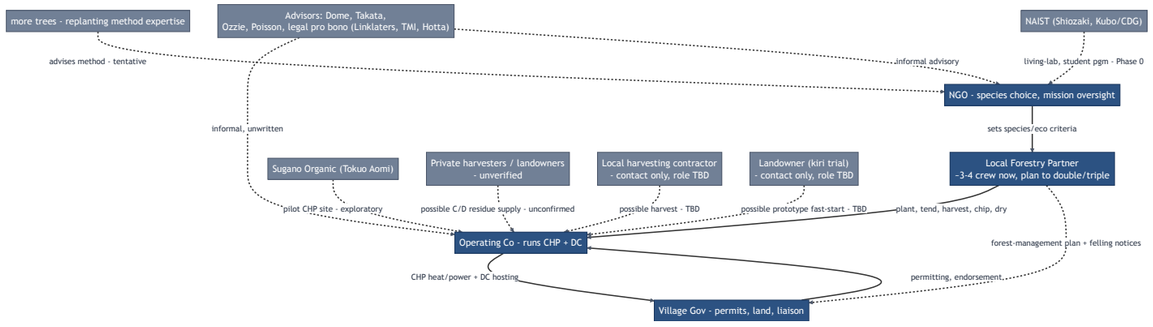

2. Money Flow

Funding sources → entities → downstream use

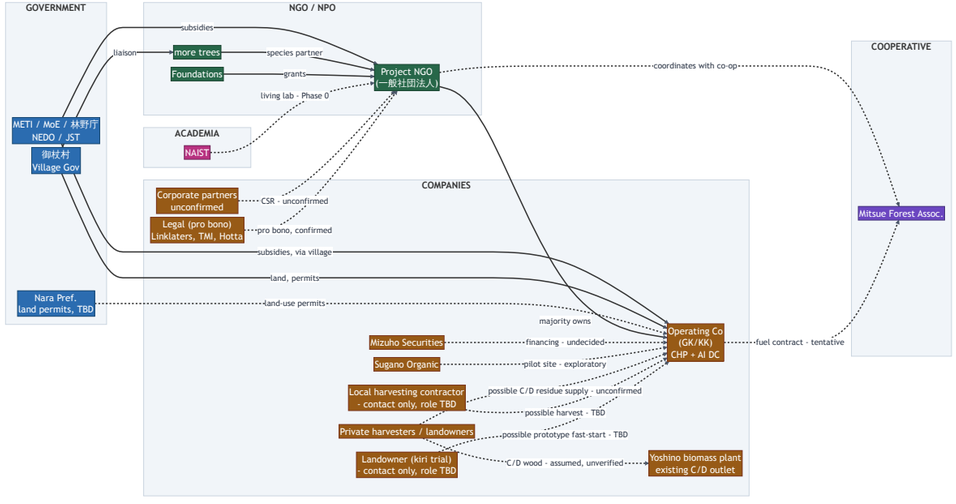

3. Labor / Work Flow

Who does what, for whom

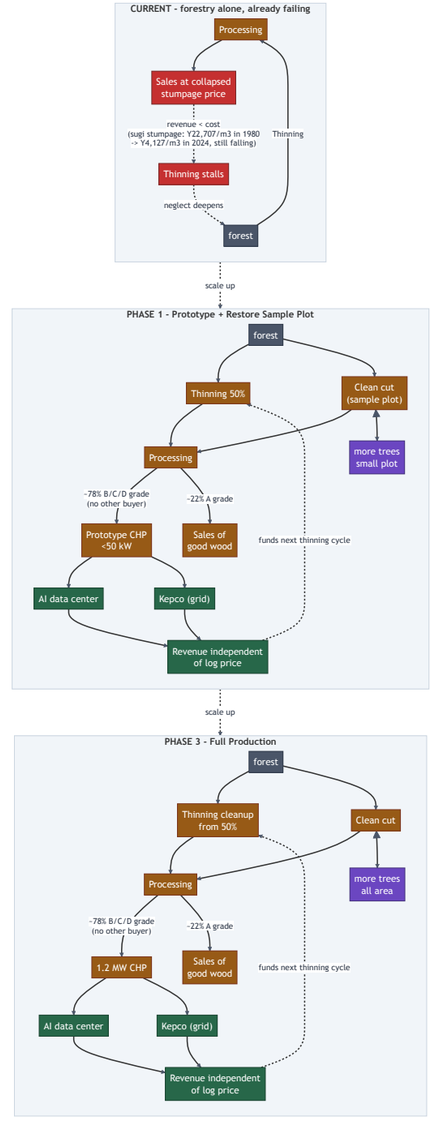

4. Overall Stakeholder Network

All entities, grouped by type

5. Forestry Financial Model - Current → Phase 1 → Phase 3

Forestry-only financing already failed nationally (Matsushita 2015, forestry corp debt) - scaling from prototype to full production
