Re: Request for Viewing / Information Disclosure of a Public Document

Thank you for your continued work on behalf of the village.

I am writing to request viewing or a copy of the public document listed below, pursuant to the Mitsue Village Information Disclosure Ordinance. My purpose is to verify the transparency of public expenditure as a village resident. I have no intention of criticising any individual or organisation.

Project:	Former Mitsue Elementary School Revitalization Project (<i>Business Operator Recruitment Guidelines, June 10, 2025 — Nara Prefecture / Mitsue Village</i>)
Document requested:	The pledge regarding exclusion of antisocial forces (<i>hansen-shakai-seiryoku haijo ni kansuru seiyakusho</i>) submitted by applicant Aobara (青薔薇) at the time of bidding / application
Method:	☒ Viewing ☒ Copy ☒ Copy by post ☒ Electronic (PDF preferred)

If this document is classified as non-public information, please advise me of the reason and the specific article of the ordinance on which that decision is based. If any copying or postage fees apply, I would appreciate an estimate in advance.

※ If the village has a standard information disclosure request form, please send it to me and I will resubmit using the official form.

Respectfully yours
